

Robert Isaac Ebita Cortez

WEB DESIGNER

About Me

I am a Web Designer, UI/UX Designer, and Front-End Developer with a background in management and graphic design. Skilled in HTML, CSS, JavaScript, and MERN-Stack, I create user-centered, visually appealing websites that align with client goals and branding, blending functionality with aesthetics for a satisfying user experience.

Employment History

Freelance Web Designer

JUNE 2024 – PRESENT

Online

- Configured over twenty personalized templates using HTML, CSS, and JavaScript, whilst incorporating React.js for interactive features, all of which align with the clients' personal brands and career goals.
- Led consultations with over twenty clients to design tailored, visually appealing websites aligned with brand identity and client feedback.
